Long Distance Information

The Company operates both Bell and Independent Long Distance lines. Points reached and rates are too numerous to list.

Call Long Distance Operator for rates.

Call Chief Operator for Long Distance information.

To place a long distance or toll call, signal operator in usual way and ask for LONG DISTANCE.

Give long distance operator your telephone number, name or number of party desired and town or city and state.

If you desire to talk to a specific individual, please give the name to long distance operator. This service is known as PERSON TO PERSON and takes a higher rate.

If you will talk to any one who may answer the telephone, say to the long distance operator when placing the call STATION TO STATION—WILL TALK TO ANY ONE. Give the number of the distant telephone if you know it. If the distant telephone answers the call must be paid for. This service is known as STATION TO STATION and takes a cheaper rate than person to person.

Reduced NIGHT RATES applying to Station to Station calls only, are effective from 7:00 p. m. to 4:30 a. m.

Please remember toll lines must be connected up at various cities and

towns to make a continuous circuit. A piece of line may be busy, forcing an operator to build up a circuit many times before reaching the city desired, causing delays.

If long distance charge is to be paid for at other end of the line, it must be so stated to the operator when the call is given and not after the conversation has been held. Do not ask to reverse a message after you have talked.

Messenger fee must be paid whether party is found or not. The messenger boy at the distant end is paid in your behalf. Messenger service is an accommodation to you. The company derives no profit.

Appointment to talk long distance may be made by notifying Long Distance Operator of the time at which conversation is desired. The Company cannot guarantee connection at the exact time specified.

Overtime on all messages will be charged at established rate per minute.

OPERATORS WILL NOT INTERRUPT CONVERSATION TO NOTIFY SUBSCRIBERS WHEN INITIAL PERIOD HAS ELAPSED.

Subscribers are liable for charges covering all long distance service originating at their telephone.

No one connected with the company in any capacity is authorized to receive or transmit verbal or written messages.

General Information

How to Transact Business with the Telephone Company

All matters relating to new telephone service, directory listing collections and termina-

tion of service should be referred to your Business Office.

How to Report Service Irregularities

Subscriber should report telephone out of order or any other service difficulties to the

Chief Operator or the Business Office.

TELEGRAMS BY TELEPHONE

You may telephone telegrams to the Western Union Telegraph Company.

By arrangement with the telegraph company the charge for telegraph messages sent by

telephone will appear on your monthly telephone bill. On messages telephoned from public coin-box telephones, you will be requested to deposit the telegraph charges in the coin-box.

The United Telephone Companies, Inc. and the Publishing Company do not assume any liability for errors or omissions in com-

pling this directory. Errors will be corrected in the subsequent issue if reported in writing to the Telephone Company or the Publishing Company.

Perpetual Advertising

**That's What
Telephone Directory
Advertising
Is**

*Always on Duty
Morning, Noon
and Night
All the Year Around*

Even Our Friends

Need an occasional reminder that we are still living at the other end of town, and that our doorbell isn't being used as frequently as we'd like.

And . . .

There are Customers

Who forget even more readily that we are still selling something they want to buy.

We can call our friends, or stop them on the street but customers are more difficult to reach. That is why you'll find ads of the best known firms in town in this directory. They realize that when friends and customers need a reminder the directory is an excellent proxy. —Try it!
